POLYTEX BUCKET BAG

Like all products from Hepco and Becker, the bucket bag is suitable for professional use in all industrial, craft and private sectors. The bucket bag is suitable for all professions in construction, service specialists, as well as very good for gardeners, hobbyists, anglers and occasional do-it-yourselfers and many more. The special material NYLON 1680 D is highly tear- and water-resistant. The different bag sizes are used to hold drills, screwdrivers, pliers and spatulas and can be variably equipped. 29 outer pockets and 14 inner pockets for holding tools of all kinds, as well as a hammer loop and a closed mobile phone pocket. The multifunction tool bag is placed over a standard or paint bucket (10-15 l) and can then be equipped directly. Additional accessories or consumables can be stored inside the bucket. Once tried, the bucket bag will become a constant companion.

Polytex BUCKET BAG
